

MICOMANIA 2016 LISTADO DE ESPECIES.-

.-250.-

Agaricus campestris

Agaricus silvicola

Agrocybe aegerita

Agrocybe erebia-

Aleuria aurantia

Amanita citrina

Amanita citrina var. alba

Amanita excelsa

Amanita gemmata

Amanita muscaria

Amanita ovoidea

Amanita phalloides

Amanita rubescens

Amanita vaginata-

Armillaria cepistipes-

Armillaria gallica-

Armillaria mellea-

Armillaria ostoyae

Auricularia mesenterica

Baeospora myosura-

Boletus edulis

Boletus erythropus

Boletus pinophilus

Buchwaldoboletus hemichrysus-

Bulgaria inquinans

Calocera furcata

Calocera viscosa

Calvatia excipuliformis

Cantharellus cibarius

Chamaemyces fracidus-

Chroogomphus rutilus

Clathrus archeri

Clavariadelphus pistillaris

Clitocybe clavipes

Clitocybe fragans

Clitocybe geotropa

Clitocybe gibba

Clitocybe nebularis-

Clitocybe phyllophila

Clitopilus cystidiatus

Coprinellus micaceus-

Coprinopsis atromentaria-

Coprinus comatus

Cortinarius balaustianus

Cortinarius duracinus

Cortinarius hinnuleus

Cortinarius humicola

Cortinarius infractus

Cortinarius irregularis

Cortinarius odorifer

Cortinarius sanguineus-

Cortinarius subfulgens-

Cortinarius vaginatopus

Cortinarius varicolor

Craterellus cornucopoides

Craterellus lutescens

Craterellus tubaeformis

Crepidotus mollis-

Crucibulum laeve

Daedaleopsis confragosa-

Echinoderma asperum

Entoloma lividum

Entoloma rhodopolium-

Entoloma sericeum

Galerina graminea-

Ganoderma lucidum

Ghomphidius glutinosus

Gloeophyllum sepiarium

Gymnopilus penetrans

Gymnopilus spectabilis

Gymnopus confluens

Gymnopus fusipes

Gyromitra infula

Hebeloma cistophilum

Hebeloma edurum

Hebeloma radicosum

Hemimycena cucullata-

Hemimycena lactea-

Hericium erinaceus

Heterobasidion annosum-

Hydnellum ferrugineum

Hydnum repandum

Hydnum rufescens-

Hygrocybe spadicea-

Hygrophoropsis aurantiaca

Hygrophorus chrysodon

Hygrophorus nemoreus

Hygrophorus penarius

Hygrophorus persoonii

Hygrophorus pratensis-

Hygrophorus virgineus-

Hymenoscyphus serotinus

Hypoxylon nummularium

Hypholoma fasciculare

Hypholoma sublateritium

Inocybe geophylla

Inocybe kuehneri-

Inocybe lacera

Inonotus radiatus

Inocybe rimosa-

Ischnoderma benzoinum

Laccaria amethystina

Laccaria laccata

Lactarius aurantiofulvus

Lactarius azonites

Lactarius blennius

Lactarius deliciosus
Lactarius chrysorrheus
Lactarius contraversus
Lactarius fluens
Lactarius lacunarum-
Lactarius lilacinus-
Lactarius necator
Lactarius pallidus
Lactarius pterosporus-
Lactarius pubescens
Lactarius quieticolor
Lactarius quietus
Lactarius rufus
Lactarius torminosus
Laetiporus sulphureus-
Leccinum crocipodium
Leccinum scabrum
Lenzites betulina
Lepiota clypeolaria
Lepiota cristata
Lepiota echinella-
Lepiota forquignonii-
Lepiota ignivolvata
Lepista flaccida
Lepista glaucocana-
Lepista inversa
Lepista nuda

Lepista panaeolus
Lepista rickenii-
Lepista sordida
Limacella guttata-
Lycoperdon perlatum
Lycoperdon utriformis
Lyophyllum decastes
Macrocyttidia cucumis
Macrolepiota escoriata
Macrolepiota fuliginosa-
Macrolepiota mastoidea
Macrolepiota procera-
Macrolepiota rickenii
Marasmius alliaceus
Marasmius oreades
Marasmius rotula-
Marasmius scorodonius
Marasmius wynneae
Megacollybia platyphyla
Melanoleuca kuehneri
Melanoleuca melaleuca-
Melanoleuca polioleuca-
Melastiza chateri
Merulius tremellosus
Micromphale foetidum
Mucidula mucida
Mutinus caninus

Mycena crocata
Mycena galericulata
Mycena pura
Mycena rosea
Mycena stipata-
Oligoporus stipticus
Oligoporus subcaesius-
Ossicaulis lachnopus-
Panellus mitis-
Panellus stipticus
Paneolus acuminatus-
Paxillus filamentosus-
Paxillus involutus
Peciza sp.
Phaeolus schweinitzii
Pholiota alnicola
Pholiota gummosa
Pholiota jahnii-
Pholiota lenta-
Pholiota pinicola
Piptoporus betulinus
Pleurotus dryinus-
Pleurotus eringii
Pleurotus ostreatus
Plicaturopsis crispa
Pluteus cervinus
Pluteus pouzarianus

Psathyrella melanthina
Pseudoclitocybe cyathyformis
Pseudohydnum gelatinosum
Ramaria curtus-
Ramaria sp.
Ramaria stricta
Rhizopogon obtectus-
Rhizopogon roseolus-
Rhodocollybia maculata-
Russula albonigra-
Russula amoena-
Russula caerulea
Russula chloroides-
Russula cyanoxantha
Russula fellea-
Russula luteotacta-
Russula nigricans
Russula ochroleuca
Russula sanguinea
Russula solaris
Russula torulosa
Russula vinosobrunnea-
Russula violeipes-
Russula violeipes f. citrina-
Russula virescens-
Sarcodon squamosus
Schizophyllum amplum-

Schizophyllum commune

Scleroderma citrinum

Sparassis crispa

Sparassis laminosa-

Strobilurus esculentus-

Stilbella fimetaria

Stereum insignitum

Stropharia caerulea

Stropharia semiglobata-

Suillus bovinus

Suillus collinitus

Suillus granulatus

Suillus grevillei

Suillus luteus

Suillus variegatus

Trametes hirsuta

Trametes versicolor-

Tricholoma caligatum

Tricholoma fulvum

Tricholoma imbricatum

Tricholoma inamoenum-

Tricholoma joachimii-

Tricholoma orirubens-

Tricholoma saponaceum

Tricholoma sciodes

Tricholoma sejunctum

Tricholoma sulphureum

Tricholoma terreum

Tricholomopsis rutilans

Tubaria conspersa-

Vascellum pratense-

Volvopluteus gloiocephala

Xerocomus badius-

Xerula radicata-

Xylaria carpophyla-

Xylaria hypoxylon
